

SAWAN SONI

Front End Web Developer

sosawan053@gmail.com • [linkedin.com/in/sawan-soni](https://www.linkedin.com/in/sawan-soni) • Kota, India

Summary

Passionate and detail-oriented Frontend Web Developer with hands-on experience in building responsive, user-friendly web applications using HTML, CSS, JavaScript, and React.js. Skilled in translating design concepts into fully functional interfaces, optimizing performance, and ensuring cross-browser compatibility. Developed real-world projects including personal portfolios and dynamic website clones, demonstrating strong problem-solving abilities and a commitment to clean, maintainable code. Eager to contribute to innovative teams and grow in a fast-paced development environment.

Experience

Next24tech Technology & Services

Kota, India

Frontend Developer

07/2024 - 09/2024

- Developed responsive web applications using HTML, CSS, and JavaScript.
- Ensured clean, valid HTML and CSS markup conforming to industry standards.
- Maintained website performance by optimizing code and images for faster loading times.
- Created custom responsive designs that optimized the website layout for various devices.
- Implemented improvements to boost site performance.

Education

Engineering College, Bikaner

BTech CSE

11/2022 - 04/2026

Activities and Honors

Cricket Enthusiast

Actively play and follow cricket, enjoy both team participation and strategic analysis of matches.

Chess Player

Skilled in logical thinking and strategy, regularly play to improve focus and decision-making.

Social Communication

Naturally friendly and approachable, enjoy engaging with people from diverse backgrounds and building positive relationships.

Skills

HTML • CSS • JavaScript Development • React.js • Responsive Design • Website Optimization • User Experience Design • Git Proficiency

Certification

- Google Analytics Certification - Earned certification from Google Analytics Academy, gaining knowledge in tracking website performance, user behavior, and SEO metrics.
- Internship Certificate – Completed a front-end development internship from Next24tech Technology and Services, gaining hands-on experience with web technologies like HTML, CSS, JavaScript, and React.js.

Projects

Amazon Website Clone

- Built a fully responsive clone of the Amazon e-commerce website using HTML, CSS, JavaScript, and React JS. Gained hands-on experience in creating product listings, user interfaces, shopping cart functionality, and responsive layouts. This project helped me understand real-world UI/UX design patterns, component-based architecture, and the importance of clean, reusable code in frontend development.

Personal Portfolio

- Developed a responsive personal portfolio website using HTML, CSS, JavaScript, and React.js to showcase my web development projects, skills, and experience. Designed with a modern UI/UX, optimized for performance, and fully compatible across devices.
